FRIDAY 12th December

## INTRODUCTION

11:00-11:25	Registration of participants	
11:25-11:30	Welcome of authorities	Paolo GONTERO, Umberto RICARDI, Massimo DI MAIO, Mario AIROLDI

## SESSION 1. LIVE & SEMI-LIVE SURGERY

LIVE SURGERY FROM MOLINETTE HOSPITAL

**Francesco SORIA, Massimiliano DI MARCO, Steven JONIAU, Bernardo ROCCO**

11:30-11:45	LECTURE: Towards standardization of lateral approach in radical prostatectomy: are we there yet?	Alberto BREDA (online)
11:30-13:00	LIVE SURGERY 1: SP RARP	Simone CRIVELLARO
	SEMILIVE SURGERY: partial prostatectomy	Rafael COELHO (online)
	SEMILIVE SURGERY: SP RARP with immersive virtual reality support	Paolo GONTERO

FROM 13:00 TO 13:30 LUNCH

## SESSION 2. DIAGNOSTICS

**Lorenzo RICHIARDI, Giancarlo MARRA, Serena GRIMALDI, Marco GATTI**

13:30-13:45	Screening for Prostate Cancer: do we really need it?	Giovanni PAPPAGALLO
13:45-14:00	mpMRI: any news?	Riccardo FALETTI
14:00-14:15	PSMA beats all	Matteo BAUCKNEHT
14:15-14:30	Prostate Biopsy: current standard and future directions	Lorenzo BIANCHI
14:30-14:40	LECTURE: TMA for PCa: is it the new kid on the block? Results from the VIOLETTE Trial	Julien ANRACT (online)
	CLINICAL CASE 1: diagnostic challenge	
14:40-15:00	Rising PSA and negative MRI	Rossella NICOLETTI

### SESSION 3. METASTATIC DISEASE

Massimo DI MAIO, Alberto BOSSI, Marcello TUCCI, Alan DAL PRA

15:00-15:05	Introduction to the metastatic session: Patient perspective: living with metastatic PCa	Claudio TALMELLI
15:05-15:20	Any room for surgery?	Pawel RAJWA
15:20-15:35	The role of SBRT in omHSPC, focus on the metachronous setting	Giuseppe C. IORIO
15:35-15:50	Which sequence of treatments in patients with metastatic disease?	Silke GILLESSEN

#### AFTERNOON DEBATE — ANY NON-FARMACOLOGICAL STANDARD IN METASTATIC PCA?

15:50-15:58	Radiation therapy	Alberto BOSSI
15:58-16:06	Theranostics	Guido ROVERA
16:06-16:30	Discussion	

### SESSION 4. LOCALISED DISEASE

Marco ODERDA, Daniele AMPARORE, Steven JONIAU, Simone CRIVELLARO

16:30-16:45	Active surveillance: how far can we go?	Claudia KESCH
16:45-17:00	Radical prostatectomy: are we improving?	Bernardo ROCCO
17:00-17:15	The journey of ultra-hypofractionation: five fractions and beyond	Stefano ARCANGELI
17:15-17:30	Focal therapy: the new standard for intermediate risk disease?	Massimo LAZZERI
17:30-17:40	LECTURE	Steven JONIAU
17:40-18:00	<b>CLINICAL CASE 2: treatment challenge for intermediate risk prostate cancer</b> ISUP 2 PCa with MRI-visible disease	Alessandro MARQUIS

#### PROSTATE CANCER GUIDELINES: What to expect in 2026

18:00-18:15	AUA/NCCN Guidelines	Daniel BAROCAS (online)
-------------	---------------------	-------------------------

FROM 18:15 APERITIF

SATURDAY 13th December

### SESSION 5. HIGH RISK DISEASE

Giancarlo MARRA, Antonio CARBONE, Claudia KESCH, Carlo INTROINI

08:30-08:45	Neo- or adjuvant treatment: where are we now?	Marco ODERDA
08:45-09:00	Retzius-sparing surgery: why not?	Vincenzo FICARRA (online)
09:00-09:15	Best approach for high risk PCa: aiming for multimodal or starting step by step?	Steven JONIAU
09:15-09:30	Discussion	

#### MORNING DEBATE - Lymphadenectomy for high risk disease?

09:30-09:38	Yes	Giorgio GANDAGLIA
09:38-09:46	No	Fabio ZATTONI

9:46-10:10 COFFEE BREAK

### SESSION 6. RECURRENT DISEASE

Cinzia ORTEGA, Giuseppe C. IORIO, Jochen WALZ, Sara E. REBUZZI

10:10-10:15	Any rationale for focal therapy?	Giancarlo MARRA
10:15-10:30	Recurrence after surgery and EAU BCR risk stratification: all that glitters is not gold	Nazareno SUARDI
10:30-10:45	Androgen deprivation therapy combined with postoperative radiotherapy	Alan DAL PRA
10:45-11:00	Criteria for BCR: are we improving?	Giorgio CALLERIS
CLINICAL CASE 3: Challenges of biochemical recurrence		
11:00-11:15	Biochemical recurrence after RARP - PSMA pitfalls	Serena GRIMALDI
11:15-11:30	LECTURE Irreversible electroporation for PCa treatment: why it should become a standard	Phillip STRICKER (online)

## SPECIAL SESSION

Massimiliano ICARDI, Alessandro VOLPE, Silke GILLESSEN, Marco ODERDA

### OUT OF THE BOX - ESOU LECTURE

11:30-11:45	Prostate & Kidney Cancer: anything in common?	Alessandro VOLPE
-------------	---	------------------

### EDITOR IN CHIEF LECTURE

11:45-12:00	European Urology Open Science & Prostate Cancer	Jochen WALZ
-------------	---	-------------

### BEST OF...

12:00-12:10	Urologist: best of 2025	Rossella NICOLETTI
12:10-12:20	Radiation oncologist: best of 2025	Alan DAL PRA
12:20-12:30	Medical oncologist: best of 2025	Massimo DI MAIO
12:30-12:40	Take Home Messages	Paolo GONTERO

The session will give take home messages of the year and highlight most innovative upcoming technologies or trials partial or definitive results practice changing or highly likely to change practice in the upcoming future.

## VENUE

Dental School — University of Turin  
Via Nizza, 230 — 10126 Torino (Ingresso Otto Gallery)

## CME (ITALIAN ATTENDEES ONLY)

ID ECM 464435

Crediti erogati: 7,7

Partecipanti accreditati: 100

Anno: 2025

Tipo evento: RES

Durata corso: 11 ore formative

Professioni: Medico Chirurgo

Disciplina: Anatomia patologica - Anestesia e rianimazione  
- Chirurgia generale - Medicina nucleare - Oncologia -  
Radiodiagnostica - Radioterapia - Urologia
